New York City Traffic Mitigation Commission Recommendation (Jan. 2008)

- Charge to enter Manhattan south of 60th St.
- Parking and taxi charges
- 6.8% VMT reduction south of 86th Street
- $491m annual net revenue
How New York Commutes

Travel Trends
Some of the Strategic Plan’s Major Goals are:

- Cutting city traffic fatalities by 50% from 2007 levels.
- Implementing bus rapid transit lines and measures to improve bus speeds city-wide.
- Doubling bicycle commuting by 2015.
- Initiating city-wide parking policies to manage curb space to reduce cruising and congestion.
- Adopting complete-street design templates for reconstruction projects.
- Launching a Main Street Initiative to develop people-friendly boulevards in key corridors across the city.
- Delivering better street surfaces through better management of street cuts and sub-surface infrastructure work.
- Maximizing energy efficiency throughout our street lighting and office operations.
- Retaining and attracting the best transportation engineers, planners and managers.

4. Programming & Events
To ensure that plazas become vibrant centers of activity and neighborhood destinations, the Partner will be responsible for programming regular activities and events at the site, which may include holiday events, food or craft markets, temporary public art installations or exhibits, music events, and so forth. It would be expected that programmed activities take place at least four times per year.

5. Liability & Insurance
In addition to keeping the site clean, safe, and in good repair, the Partner will also be required to maintain insurance on the plaza, as outlined in the maintenance agreement.
